

Undergraduate Advising

Help Where You Need It Most

The College's top priority is to help you succeed. Here you will find information about academic advisers, degree plans, policies and procedures, course registration and tutoring.

Academic Advisors for ECE and SFWE:

The ECE undergraduate advisors assist students with questions about what classes to take, when to take them and how to successfully complete them.

Name: Alexis Vasquez

Title: On-Campus and Online BS Advisor

email: undergradadvisor@ece.arizona.edu

Phone: 520.621.6171

Office: ECE 263

Name: Selim Orbay

Title: On-Campus and Online BS Advisor

email: undergradadvisor@ece.arizona.edu

Phone: 520.621.2434

Office: ECE 261

To schedule an Appointment with Selim: <https://ua-trellis.my.site.com/uastudent/s/catcloud/services/calendar/?NetId=sao>

Additional Academic Resources:

- See the College of Engineering's [Policies and Procedures](#) for answers to common academic questions.
- [Declare or change your major](#) by following these instructions from the college.

- U of A Engineering [Academic Advising](#) provides contact information for all college undergraduate advisers.
- Students must qualify for [Advanced Standing](#) in the College of Engineering before enrolling in upper-division courses. CSE, ECE or SFWE students must have a minimum 2.50 cumulative GPA and complete designated lower-division courses.

On-Campus

- The advised course sequence for an on-campus BS in CSE, ECE or SFWE is available through the College of Engineering's [four-year degree plans](#).
- Major's [course flow charts](#) suggest classes and sequencing for CSE, ECE and SFWE programs.
- Whether vector calculus is harder than you thought it would be, or you're just stuck on a Physics 141 problem, the College of Engineering's [tutoring and study groups](#) can help. With weekly sessions, all-day study-a-thons, test reviews and even prep sessions for finals, these services help you succeed.

Online

- Major's [degree plans](#) outline the specific courses needed for graduation for CSE, ECE and SFWE online programs.
- Tutoring: [Think Tank](#) offers free, drop-in tutoring online for select math and science courses such as PHYS 141, MATH 129, etc.
